

NEW *RustRelease™*

Safe and Easy Rust Remover

Before...

Dip your steel parts into any container with **RustRelease™** and let the solution do its work. This usually takes 15 minutes for light rust, and a few hours for heavily rusted steel.

After...

RustRelease™ works in any dipping container, plastic or metal. Even the worst rusted steel can look like new with **RustRelease™**.

Features and Benefits of **RustRelease™**

- **Quickly removes corrosion from ferrous and non-ferrous metals.**
- **Organic and biodegradable, contains no acids (VOC's).**
- **Easy to use. (Just Dip it).**
- **Environmentally safe for easy disposal.**
- **Will not tarnish or pit un-rusted steel.**
- **Non-flammable.**
- **Mild odor makes it ideal for in-plant use.**
